

Mission

Promote global and sustainable development of nanotechnology to benefit mankind

Asia's Nanotech Ambassador

NanoGlobe was founded and is managed by Dr. Lerwen Liu, "Asia's Nanotech Ambassador." Dr. Liu is a well-known nanotechnology expert specializing in government and corporate strategy, business development, information intelligence and networking, especially in the Asia Pacific Rim.

For the past three years, Dr Liu and her team of analysts and partners have been actively connecting nanotechnology leaders around the world through site visits, presenting at conferences and exhibitions, through publications and business development services for governments and corporations.

NanoGlobe's team has a global understanding of commercialization and is specialized in information intelligence coupled with expert analysis and strategic counsel.

Connecting

NanoGlobe has forged a "Connecting" business network that transcends physical and geographical borders.

NanoGlobe will be glad to work with you to develop your business reach into Asia. For details of our activities including publications and events, please visit our website at www.nano-globe.biz

Organization & Expertise

NanoGlobe Pte Ltd is headquartered in Singapore and considered one of the world's leading nanotechnology consultancies

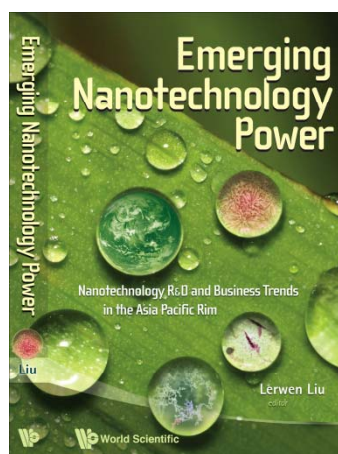

Services

NanoGlobe provides professional services based on our unparalleled understanding of nanotechnology in Asia. Our participation in Asian nanotechnology events and site-visits give us deep insight into policy issues, strategic intelligence needs, and the ability to analyze nanotech innovation for commercialization.

Our services include:

- Strategic support of R&D commercialization and internationalization
- Business development
- Incubator services to local start-ups via fund raising, recruitment, project management, IP management, marketing, partnership, and other required tasks
- Advising international companies expanding throughout Asia and locating business and R&D in Singapore and other strategic locations
- Event Organization and Management
- Strategic Communications
